DATE: March 21, 2023

SUBJECT: General Plan Annual Progress Report for 2022

### **EXECUTIVE SUMMARY**

In 2022, the City continued to implement the goals and policies identified in the General Plan adopted in August 2003. As required by Section 65400 of the California Government Code, the following is the annual report on the status of the General Plan implementation and on the progress in meeting the City's share of the Regional Housing Needs Assessment (RHNA) established through the Southern California Association of Governments (SCAG). The annual report covers the period from January 1, 2022 to December 31, 2022. Once accepted by the City Council, the report will be submitted to the Governor's Office of Planning and Research (OPR) and the Department of Housing and Community Development (HCD). This report is due to HCD by April 1, 2023.

### **GENERAL PLAN IMPLEMENTATION**

Under California law, each city and county must adopt a comprehensive, long-term General Plan with eight mandated elements, which includes land use, circulation, housing, conservation, open space, noise, safety, and environmental justice. The City of Brea's General Plan was adopted in 2003 and is organized into five chapters addressing all eight required elements: Community Development, Housing, Community Resources, Community Services and Public Safety. Periodic amendments and updates are adopted to ensure the General Plan remains current. The most recent updates include amendment to the Public Safety Element in 2021 and the final adoption of the 6<sup>th</sup> Cycle Housing Element in 2022.

Attachment A to this memorandum provides summary tables that provide the implementation status of the City's General Plan during the 2022 calendar year, organized by the five chapters of the General Plan. The Appendix A of the General Plan and Table HE-50 of the 6<sup>th</sup> Cycle Housing Element with Affirmatively Furthering Fair Housing Program Summary, which are Attachments B and C of this memorandum, provides the overall direction and specific policies to be carried out to fulfill the City Council adopted goals. These documents should be referenced for specific

information regarding Goals and Policies cited in the summary tables found in Attachment A of this memorandum.

**HOUSING ELEMENT IMPLEMENTATION**

The Housing Element is a State-mandated chapter of the Brea General Plan that addresses the City’s identified housing needs, and the only element in the General Plan that is required to be updated every eight years (“Planning Period”). The Housing Element describes, identifies, and analyzes the City’s housing needs and addresses the maintenance and expansion of the housing supply to accommodate the households that currently live and/or may live in Brea in a Planning Period.

The City’s 2021-2029 Housing Element was re-adopted on August 16, 2022 and was certified by the California State Housing and Community Development Department (HCD) on September 8, 2022. The State requires cities to prepare the Housing Element annual report, separate from the General Plan annual report, which must be prepared on forms provided by HCD. The completed Housing Element annual report is Attachment D.

**Regional Housing Needs Assessment (RHNA)**

The City’s RHNA allocation represents the number of housing units that the SCAG estimates will be necessary to accommodate the City’s projected population growth for the 2021-2029 Planning Period. The City’s RHNA allocation for the 2021-2029 Planning Period is 2,365 units which is divided into four income categories as indicated in Table 1 below:

**IMPLEMENTATION  
GUIDE**

THE CITY OF  
BRE A  
GENERAL PLAN

# Appendix A

# IMPLEMENTATION

# GUIDE

**T**he General Plan Implementation Guide provides a guide to implement adopted General Plan policies and plans for City elected officials, staff and the public. The purpose of the Implementation Guide is to ensure the overall direction provided in the General Plan for City growth and development is translated from general terms to specific actions.

Each implementation measure is a program, procedure, or technique that requires additional City action. This action may either occur on a City-wide basis, or in individual subareas. Some of the implementation measures are processes or procedures the City currently administers on a day-to-day basis (such as development project review), while others identify new programs or projects that will become day-to-day planning activities in Brea. The City Council, by relating the Implementation Guide to the General Plan, recognizes the importance of long-range planning considerations and budgeting to such day-to-day activities. Implementation of the specific programs will be subject to funding constraints.

The Implementation Guide is organized into five subsections that correspond to the General Plan Chapters. Each of the subsections is comprised of programs that directly relate to the policies and plans of the corresponding General Plan element.

## Use of the General Plan Implementation Guide

The Implementation Guide is intended for use as the basis for preparing the Annual Report to the City Council on the status of the City's progress in implementing the General Plan, as described in Section 65400 of the California Government Code. Because many of the individual actions and programs described in the Implementation Guide act as mitigation for significant environmental impacts resulting from planned development identified in the General Plan, the annual report can also provide a means of monitoring the application of the mitigation measures as

required by AB 3180. This Implementation Guide should be updated annually with the budget process and whenever the City's General Plan is amended or updated to ensure continued consistency and usefulness.
